OUR MISSION

"Kahawa," which means coffee in Swahili, roots us in Kenya's vibrant coffee culture. As an integral part of 80 Acres – the climate and racial justice non-profit – the Kahawa Cafe isn't just a cafe, it's a movement!

Embrace our eco-friendly ethos by bringing your own mug and joining us in saying no to disposable cups. With each visit, you contribute to sustainable livelihoods for Kenyan farmers, help us promote fair trade practices, and help revitalize the livelihoods of formerly incarcerated individuals.
